The Stationers' Company

eclipse

The Worshipful Company of Stationers and Newspaper Makers - Package Document

An Overview

Eclipse Presentations specialises in large-scale events, from Award Ceremonies to Conferences. Eclipse has over twenty five years experience in providing creative and innovative technical solutions to meet the demanding needs of clients from diverse market sectors including financial, telecommunications, publishing, retail and many more. We have on board some of the most experienced individuals within the industry.

Our team takes a solutions approach to any event undertaken. We will work in synergy with you the client and also the venue to ensure that we deliver a solution that best supports the nature of the communication and event taking place.

As a company we work tirelessly to ensure that we meet the communication needs and business objectives of all our clients. Whether you are producing a conference, launch party or awards evening you can be sure that you will be working with an experienced company who will address each request with the same level of importance, enthusiasm and commitment.

Services

We have had over twenty five years to practice, fine tune and build on our key services - this means everything we do, we do very well.

All aspects of event production are managed in-house it's a full team collaboration from brief to design and then delivery.

Our core services are;

- Event Production
- Creative Design
- Content Management
- Stage & Set Design + in-house build
- Event Filming & Post Edit
- Venue Management

Graphic / Design

Eclipse has the facility to develop and manage elements of the design process as required. We have design and graphics departments in-house, which dovetail with our set and staging workshop. Working with clients on graphic creation using PowerPoint, Keynote and Adobe After Effects we develop unique graphical content for your event. This team can digitally map and CAD any venue allowing your clients to envisage the event space more accurately. We work closely with our clients to ensure everything produced complies with all branding restrictions whilst being truly bespoke, creative and within budget.

Our design and video production departments can be contracted separately to our production team, however both teams work closely together and all the full range of our services can be drawn upon throughout your project.

Scenic

We undertake all kinds of creative live presentation work from awards shows and fashion shows to corporate presentations, exhibitions and retail display. From nearly 10,000 sq ft of workshop and warehouse space we design & build practical solutions for large and small scale projects. Each show is prepared with an obsessive attention to detail, award winning creativity and a passion for being the best.

We have also built space stations, desert islands and circus big tops as well as installing purpose built sound proof presentation spaces, walled restaurants and outback retreats. Of course we also cater for the more every day, installing hundreds if not thousands of corporate stages, exhibitions stands & themed events all across the globe.

Our stock includes more than 1000 standard panels with countless other custom items such as lecterns, top tables, back lit panels, circular stages and even the odd planet or two; all stored at our secure storage facility. Our experienced and highly skilled carpenters can make most things from our fully fitted workshops, constructing anything from bespoke furniture to Inca Temples.

Eclipse Scenic are also responsible for specifying & producing all of the set graphics and signage whether that is a table top tent card or a 5m high digitally printed set back drop.

Testimonials

"Thank you to you and your team for doing such a fantastic job. Everybody here at CNBC including my HOD and CEO are both impressed and delighted with how well last night went and how hard you all worked to get the job done. I look forward to working together again in the future"
CNBC

"I just wanted to say a huge thank you to the Eclipse team…the feedback we have received internally has been incredible. We were extremely impressed with the staging, projection mapping and the continuous professionalism the team show us. You continue to go above and beyond our expectations…My only criticism is how are we going to top what we have just done!"
Coca Cola Enterprises

"I'd like to say a really big thank you for all of your help. Both you and your team worked incredibly hard to help make a great event and you went above and beyond your duties to make everything a success"
NHS Improving Quality

"I just wanted to say a big thank you to you and your team for a great job last week. The client (Eon & Sony) were extremely pleased with how the presentations ran and you and your team were a pleasure to work with…I hope we get an opportunity to work together again"
Nibbs Events

Thank you for the help yesterday – the client left very happy! An absolute pleasure working with the Eclipse Team…hoping this continues for a long time!'
Searcys – The Gherkin

"Just wanted to thank you from Guildhall for the event yesterday - it was a genuine pleasure to work with you on the Innovate Finance event – all your staff were professional, efficient and managed the event with a quiet confidence that I found tremendously reassuring."
City of London, Guildhall
